About Marad

The Maritime Administration (MARAD), an agency of the U.S. Department of Transportation since August 6, 1981, administers Federal programs designed to promote and maintain a merchant marine capable of meeting America's requirements for both trade and national defense. MARAD was a part of the Commerce Department from 1950 to 1981.

The agency has regional offices in New York, New Orleans, San Francisco and Des Plaines, Ill.; area offices, marketing representatives and other U.S. facilities, including the U.S. Merchant Marine Academy at Kings Point, N.Y.; and foreign maritime representatives in five cities overseas.
